

To Skyland Property Owners,

The weather is getting warmer, but we are still under self-quarantine procedures. There are many issues that will not be determined by May 1, 2020.

For the many that have asked, I have ordered this season's beach/parking permits. They should be available within the next 7 – 10 days.

Unfortunately, this was all a new process last year and some felt there was favoritism shown. Please let it be known that was never the intention, this was new to Skyland, and we have had an overwhelming majority of positive feedback. Many homeowners have said they never enjoyed the beach as much as last season.

In order to keep the “kayak” storage area looking decent and not like a junkyard, (we as a community must be considerate of those homeowners who have views of the beach area) there will be 25 spots to store kayaks behind the pump house.

Those homeowners wishing to store their (1) kayak at the beach please submit your name to me via email to “lavo.kevin@yahoo.com” by **Friday, May 1st**. If there are more than 25 requests for stickers, I will be using a random number generator program to determine who gets a sticker this season.

As a reminder these passes identify homeowners or their guests and their vehicles so we can keep our beloved beach use to Skyland homeowners. Parking permits are to be placed on your rearview mirror or dashboard when using a parking spot at Skyland beach. Beach passes with the lanyard you received last year should be displayed on your beach chair or umbrella. The passes are numbered and identified by the property address. The permits and passes are the responsibility of the property owner, those allowing vacation rentals or long term renters the use of the passes.

For fulltime property owners your passes will be delivered to your front door. A text to your phone number on file will notify you when they have been delivered. Part time homeowners please send me an email or text when you will be in Skyland so we can make your delivery.

The next Skyland GID meeting will take place Thursday, May 21, 2020, via conference call. Additional information will be forthcoming.
